
System Requirements:

Preferably, this mod should run on Windows 10 or later, as it contains a few drivers that will not work on older versions of Windows.

Graphics: Can run fine with a modern graphics card, but you may experience a slight performance loss. If you

have a low-end graphics card, you may want to opt for the "Better Performance" version of the mod. Recommended: Either Windows 10 or Windows 7 with at least a 64-bit processor. Minimum: Windows 10 with a modern graphics
